

SUPPLY CHAIN EXPERT - FRUITS & VEGETABLES (F/M/D)

How You'll Make Your Mark

Your main tasks in this role are:

- Be an integral part of our **European Fresh Produce (fruits and vegetables) Import Hub** project
- You'll shape the **future supply chain for fruit and vegetables** across all ALDI SÜD countries in Europe
- **Develop and harmonize processes** for an efficient fruit and vegetable supply chain
- **Analyze current processes and data** to define optimal supply chain strategies
- **Establish best-practice operational standards** to streamline sourcing and logistics
- **Drive continuous improvement** of operational processes for fresh fruit and vegetables
- **Collaborate** closely with an international team, suppliers, logistics providers, and country organizations

Your Profile

The requirements of the role include:

- A completed university degree, ideally in supply chain management, agricultural sciences or food technology
- Hands-on experience in supply chain or purchasing processes for imported fruit and vegetables
- Expertise in handling and processing fresh fruit and vegetables, such as ripening preferably within the retail sector
- Strong analytical skills to evaluate and interpret complex data
- A proactive, can-do attitude, thriving in dynamic and evolving environments
- A structured, reliable, and results-driven approach to work
- Fluency in business English; additional European languages are a plus

A Career that Benefits You

Our benefits for you are wide-ranging:

- 6 weeks of annual leave every year for all
- A range of subsidised childcare support options
- Options to work remotely - from home or anywhere within Austria (up to 13 days per month), and from abroad (up to 30 days per year, selected countries)
- Mobile devices provided to enable flexible working
- Relocation support (including visas/permits, home search and moving allowance)
- Free and subsidised healthy food and drinks provided at work
- Subsidised public transport
- Bike leasing programme to save up to 20% on bike costs to encourage sustainable transport and improve affordability
- Discounts on a wide range of shopping in the categories like fashion, travel, sports and many more
- All the training you need to excel in your role
- Extensive personal and professional development
- High level of responsibility in a diverse and international business environment
- Collaboration with teams across border
- Private health insurance discounts
- Comprehensive wellbeing & (mental) health support
- On-site & online sports with Wellpass membership
